

Company Profile

Over 25 years of effective promotion for global brands!

Our products can be found by going to our online catalogue at: www.pinfoldpromotions.co.uk or in our 144 page colour brochure, where we have a wide range of eco friendly and recycled products as well as an express range of over 80 products.

One of the benefits of working with Pinfold Promotions is our extensive sourcing capabilities; we have access to over 60,000 products in addition to our 144 page catalogue, which means we can select the best value product for your organisation.

We also offer a free sampling and product recommendation service, giving you the opportunity to handle and use promotional products prior to ordering.

Design visuals for each project are free of charge as standard, and we can create a bespoke catalogue of products, in pdf format for your company.

Pinfold Promotions offers an educational package as part of our service; we will bring a table top exhibition to you, and spend time with your team discussing products and branding.
